MFR Occupancy Billing is **your Answer!**

"In the two and a half months since we implemented Occupancy Billing we have processed over 750 invoices! The ability to automatically have all of our charges processed and imported into our City Financial software program has reduced our billing workload tremendously; we have never been happier with a software purchase, thanks!"

Bill, Deputy Fire Marshal, San Mateo Fire Department, CA

"Creating the Rules and Using the Billing Toolkit to process the charges for our Occupancy Billing is proving to be easier than I had thought it could be. The program handles all the intricate billing needs that we have. It is now a joy to handle the billing tasks."
